Town of Chichester Population

1970 Census — 1,080

To the Inhabitants of the Town of Chichester in the County of Merrimack in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Chichester on Tuesday, the 9th day of March, next at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of current year taxes.

4. To see if the Town will vote to raise and appropriate the sum of \$307.00 for support of the Concord Hospital. (At request of the Hospital.)

5. To see if the Town will vote to raise and appropriate the sum not to exceed \$1,500.00 as the Town share of the cost of hiring two men to operate the Center Barnstead Ambulance during day time hours only. (At request of the Center Barnstead Fire Dept.).

6. To see if the Town will vote to transfer a sum not to exceed \$1,500.00 from General Funds to Capital Reserve Funds toward purchase of a replacement Town Grader.

7. To see if the voters will instruct the Selectmen of Chichester, N. H., to have printed in the 1971 Town Report a true copy of the 1971 Invoice Book as made out by the Selectmen for Tax purposes for the year 1971. (By petition.)

8. To see if the Town will vote to join with the towns of Barnstead, Epsom and Pittsfield or any com-

bination of said towns, for the purpose of employing one or more District Nurses to provide Nurse service, and to raise and appropriate not more than \$1,926.00 therefor. (By petition.) (Based on 1970 population figures @ \$1.80 per capita.)

9. To see if the Town will vote to raise and appropriate the sum of \$50.00 to be expended in cooperation with the N. H. Forestry and Recreation Commission for opening and maintaining of Trails and Old Roads for Forest Fire protection; the N. H. Forestry and Recreation Commission to provide a matching sum not in excess of \$50.00 for this purpose.

10. To see if the Town will vote to authorize the Selectmen to appoint a Road Agent or Road Agents rather than by annual election by ballot.

11. To see if the Town will vote to change the term of office of the Town Clerk from one year to three years.

12. To see if the Town will vote to change the term of office of the Tax Collector from one year to three years.

13. To transact any other business that may legally come before said meeting.

Polls will be open until 6:00 P.M.

All articles except No. 1 above will be taken up beginning at 7:00 P.M.

Given under our hands and seal, this 16th day of February, in the year of our Lord nineteen hundred and seventy-one.

A true copy of Warrant—Attest:

SELECTMEN'S REPORT

The year 1970 has been a very busy and hectic one for all of your elected and appointed officers of the town. We would like to take this opportunity to thank all involved for their many hours of uncompensated time.

Maurice C. George, Town Clerk and Tax Collector for many years found it necessary to retire from these offices. He has been appointed as Supervisor of the Check Lists, replacing Andrew Bailey who found he could not continue.

Mrs. James (Shirley) Brown was appointed Town Clerk.

Mrs. Ronald (Elaine) Coffey was appointed Tax Collector.

A special thanks to Mr. George, not only for the many years of assistance to the Selectmen, but for the cooperation in aiding the new officers during the changeover.

William Cameron, because of moving out of town, resigned his office of Selectman and James D. Towle was appointed to fill the vacancy. The interest of both has been beneficial to the Town.

The time necessary for the overseeing of the Zoning Ordinances for the protection of the town has escalated this past year.

The subdivision of land, the dividing of one parcel of land into two or more lots, must be approved and it is the responsibility of the owner of this parcel to make application to the Planning Board.

Any variance to the Zoning Regulations may be submitted to the Board of Adjustment for their action.

Copies of Zoning Ordinances may be obtained from the Selectmen, Town Clerk, Chairman of the Planning Board or Building Inspector.

The Cemetery Commission has met on several occasions this past year. Land was purchased adjacent to the Leavitt Cemetery to allow for expansion which will be necessary in the not to distant future.

The following prices for cemetery lots were established for the three Town-maintained Cemeteries and include an amount for perpetual care:

Single grave	\$100.00
Two graves	200.00
Four graves	350.00
Eight graves	550.00

The tax rate for 1970 dropped from \$44.00 to \$30.00 per one thousand for the following reasons:

A blanket increase of valuation of land and buildings throughout the town.

An increase in Foundation Aid to the School District.

Return to the Town of an unexpended portion of the School District appropriation for the year 1968-1969 and the year 1969-1970.

The reason for mentioning the above is that we see no such assistance this year.

Very truly yours,

THEODORE G. BAILEY
JAMES C. BATES, JR.
JAMES D. TOWLE

Selectmen

REPORT OF THE FIRE DEPARTMENT

To start the 1970 report of the fire dept., I will list the number and type of calls for assistance responded to by the department.

The total number of calls responded to last year were 21 as against 12 in 1969. They were as follows: 2 chimney fires, 2 grass, 2 cellar, 4 cars, 3 furnace, 6 mutual aid calls and one each accident, and false alarm.

Our biggest project for the year was completion of the remodeling of the fire station. This required relocating the stairs, toilet, and radio room. We can now house all four pieces of equipment in the station. With funds donated by the Ladies Auxiliary the upstairs will be painted this winter.

As we have not bought any new equipment for several years I am requesting a budget increase this year.

We urgently need new hose and radio equipment as well as several other important pieces of equipment we have found needed at fires. New changes are always coming about in the fire service and volunteer departments as well as permanent ones must keep in step with these changes.

The modern use of radios has become a must for speedy communications within the department, yet like all modern equipment, costs money.

However, with the increased budget request the appropriation will not exceed 1969.

I hope the fire department will receive the voters' support for the budget request so we may better serve the community as volunteer firemen.

REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

The 1970 forest season was a quiet one in this area, quiet in part because of your continued cooperation and favorable weather conditions.

Fires that did occur were, for the most part, caused by debris burning, children and smokers.

The elimination of these three causes of forest fires would drastically change this picture — to bring about this change we make the following suggestions:

1. When the ground is not covered with snow a permit to burn must be obtained from the Forest Fire Warden. This permit covers waste burning, even in an incinerator, grass burning, as well as garden trash and brush burning. Such burning is restricted by regulation to prior to 9:00 A.M. and after 5:00 P.M. with the following exceptions:

Commercial or Industrial burning is permissible at any time under normal conditions but only with the approval of the District Chief and a written permit from the Forest Fire Warden.

2. Fires caused by children can be prevented only with the complete cooperation of parents in the supervision of their children. Keep matches out of reach of children; this action will help to prevent fires and may save a life, the life of your child. Try to explain to your child, won't you?
3. Forest fires caused by smokers can be reduced in number by the exercise of more care in the discarding of matches and smoking material whether from a vehicle or by a hiker. In all cases, make sure that the butt or match you discard is out, dead out. Smokey says, "Thanks for your help," and invites you to join with him in setting a good

example for others in the prevention of fires and the protection of our environment.

Number of fires reported and acres burned:

State — 484 fires — 244 acres

District — 74 fires — 67 acres

Town — 2 fires — 21 acres

REPORT OF THE LIBRARIAN FOR 1970

For seven years your present librarian's yearly report has been included in the Chichester Annual Reports. At no previous time has she been more acutely aware of the needs and opportunities for better service — and the problems thereof! The price of books has increased greatly. Spare time grows more scarce. Three hundred more books went out in the evening open hours than last year — should the number of evening hours be increased? The actual number of books that went out on Saturday afternoons was less than last year but the record number was satisfactory because it included the books that went to the kindergarten and the school. Would more people prefer another day?

There are new opportunities in several areas. Newcomers in the town may not be aware of the scope and attractiveness of the books in the library and the privilege of borrowing books by the Librarian and asst. librarian if a desired book is not on the shelves. Townspeople who have enjoyed the books from the superb Concord Public Library may not think it wise to include the increased cost of a card in their budget and unless conditions change (which hopefully they will) non-residents, non-Concord taxpayers, will not be able to renew their free card issued to persons who work in Concord. The Staff in our town library will do everything possible to purchase or borrow what these Concord Library borrowers in the town are interested in reading. There is an opportunity to give better service to the young adults. A Junior Book Selection Committee is much on your librarian's mind but she could not find the time to implement it.

The library contains 2072 books of adult fiction and non-fiction and 728 children's books. This collection is augmented by books selected from the bookmobile. In 1970 the bookmobile came three times and left 1971 books. The problem is not in getting the books that you would like to read, but in knowing what you wish to read. The Book Selection Committee (composed of the Trustees, the librarian and the ass. librarian) try to have a balanced collection of books that reflects the interests and needs of the *entire* community. Almost the entire town appropriation to the library is spent for the purchase of books. The Staff is entirely volunteer, with little or no professional training. Their asset is their eagerness to learn, their dependability, their devotion to the library and to the town and its people.

Since autumn, Mrs. John Varney has cooperated most generously in an experiment to place a small collection of books in her front hall for neighbors who may find it a convenience. Would you like such an arrangement in another end of town? Would you prefer more eve-

nings with open hours? Would you prefer another day than Saturday? Would you like reactivation of a summer story hour for young children? Would you like reactivation of a summer reading program for elementary school children? Please let your librarian or assistant librarian know your preferences.

In closing, your librarian wishes to record her very deep feeling of gratitude to those who so faithfully support and use the library; to those who so devotedly work at the library, to those who so generously make gifts of books or money to the library; and to the personnel of the State Library and bookmobile who bear with the insufficiencies of an untrained librarian with such warm grace and expert assistance.

Respectfully submitted,

HELEN LEWIS BLACKMAN,

Librarian

REPORT OF THE CHICHESTER SCHOOL BOARD 1970-71

Our present building once again seems to be able to handle the eight grades without an addition; although, we must realize that we do lack facilities for physical education classes and for intramural programs. Students are eating in their respective classroom which leaves a great deal to be desired. We hope that in any future building program an area providing for these activities, to make our school more comprehensive, will be considered.

Interested mothers in town have volunteered their services in helping set up our library. The books are being catalogued under the Dewey Decimal System. In the future, we are in hopes of consolidating our book order with the town library so to give the students the greatest number of book selections possible with the funds we have. Many thanks are extended for the interest and help in our library.

Progress is being made in coordinating our learning program with that of Pembroke Academy. This is one of the main advantages of being in the Area Plan and in the same Supervisory Union (#53) with Pembroke. Our principal and teachers are working with Mr. Kaffel, Assistant Superintendent, and Pembroke teachers to help coordinate our program. This will help make the transition for Chichester Students to Pembroke easier and will improve the educational climate.

We are most pleased with the condition of our building. With the services of a full-time custodian our building is now kept in the proper state of cleanliness. We painted the trim outside, did some painting inside, and replaced the desks in one room retiring some desks that were over twenty years old and were beyond reasonable repair. We also removed the old rusty wire fence by the

ball field and replaced it with a split rail fence. We try to maintain the building in such a way to alleviate any major expenses at one time. Although, with the boiler, plumbing, and building, in general, increasing with age it is becoming more difficult to foresee the extent of repairs that might occur and need to be made.

REPORT OF SUPERINTENDENT OF SCHOOLS

Having been your Superintendent for a very short time, I am unable to report on past accomplishments but will offer some observations on what appear to be most pressing problems and suggest some alternative solutions.

Housing is the most urgent problem in most Districts. We should closely examine new methods of construction, such as pre-fabricated and pre-engineered building, concrete slab buildings and portable classrooms and compare them with the more traditionally constructed schools.

Curriculum revision must be constant. Our schools must place more emphasis on those pupils who complete their formal education in the public schools. Study and evaluation can show which courses are relevant to the 1970's and which should be scrapped or changed.

The structure of the school must be scrutinized as to its effectiveness in each area. Campus type schools, open concept schools, team teaching, mini-courses of short duration, humanities approach and other innovations can bring education alive to the disinterested child.

By 1973, State minimum standards must be met by all schools in the State. They are too long to reproduce here; however, several copies are available at the Superintendent's office for loan.

The School Department appreciates your fine support of the schools.

RICHARD A. BELCHER
Superintendent
